

WRESTLING UNIFORM ALERT

It has come to the attention of the National Federation of State High School Associations (NFHS) that erroneous information regarding wrestling uniforms is being distributed by individuals not associated with the NFHS. The NFHS Wrestling Rules Committee has not approved a new uniform style for use at the high school level such as was recently approved by the NCAA for use at the college level.

Rule 4-1-1 has not been changed for the 2005-06 season. The timeframe for discussion of any uniform changes in high school wrestling would be at the committee's next regularly scheduled meeting in April 2006.

Any questions should be directed to Jerry Diehl, NFHS Assistant Director, at 317-972-6900.
